DYNASTY SPAS

*The controls are simple, and the settings allow us to keep our spa hot and ready to use all year round. We had family fly in for Christmas last year, and it was absolutely brilliant to watch the kids rush across the snow-covered deck and hop into the steaming hot tub. The worst thing about using the hot tub in the winter is that you have to eventually get out!*

## IN.MIX, LED CONTROLS

Stunning underwater light shows can do more than further enrich your soak, they can define your spa environment. They can change the mood from a party atmosphere to a romantic setting, as well as an added safety feature after dark. The in.Mix adjustable and independent zone LED lighting system provides 113 points of light that glows from the footwell up to the spa lip and controls. The visual delight of water shooting through a beautiful spectrum of color adds unique charm to your soak.

## IN.STREAM 2, INTEGRATED BLUETOOTH™ AUDIO SYSTEM

Streamed from your spa, your favorite music never sounded so good! In.stream 2 audio station is a compact, rugged and splash proof all in one outdoor audio system that delivers an awesome sound quality through Class D amplifier technology to enhance your backyard audio experience. It comes with an in.p4 docking station that connects, protects and lets you control your audio player or smartphone directly from your spa keypad.

FEATURES 4 TYPES OF AUDIO SOURCES: AUX, USB, FM, AND BLUETOOTH.
